Casting Forging	Stamping	Metalworking	Die	Resin	Electrical Electronic	Rubber	Prototype	Jig Tool	Equipment	Surface treatment	Others	
		○							◎			
Company name EBA KOGYO Co., LTD.						Industry / Market segment Manufacture of machines and tools for production						
Company representative Ken Nakamura						Location 339-1, Sekoizumi, Touin-cho, Inabe-gun, Mie 511-0252						
Capital 60 million yen			Annual sales 3,802 million yen			No. of employees 175			Certification ISO 9001, ISO 14001, MSJ 4000			
Business outline /Products Peripheral equipment for machine tools (pallet stocker, pallet pool, tool magazine, etc.), Processing automobile parts						Customers / Suppliers JTEKT Corporation, DMG Mori Co., Ltd. and other machine-tool-related companies						
Overseas office Vietnam (Hai Phong)			Overseas transaction Yes									
Selling points 1) We meet various requests from our customers by built-to-order production with integrated processes, from design to assembly. 2) We utilize our plant in Vietnam to manufacture parts as a package and provide them at a low price.												
Technology / Product details We have a lot of experience in producing labor-saving automated equipment that is useful in the age of human resources shortage. Especially, the peripheral devices for machining centers are our strength, so we can propose the best suitable equipment for our customers' needs. In addition to the machining-center-related equipment, we have received orders for production facilities in various areas, supporting customers' labor-saving and automation. Please feel free to contact us for any problems regarding production facilities. EBA Kogyo will manufacture reliable products that can be used by the customer for 10 years or even 20 years, and will contribute to the work-style reform for 8 hours by our employees and 24 hours by our machines.
