Company name						Industry / Market segment					
MIE KONDO CO.,LTD.						Transportation machinery and apparatus manufacturing					
Company representative						Location					
Takanori Kondo						2067-2, Ono, Nobono-cho, Kameyama-shi, Mie, 519-0212					
Capital			10 million yen			Annual sales			2,977 million yen		
No. of employees			81			Certification			ISO 9001:2016 IATF 16949:2015 M-EMS Step 2		
Business outline / Products						Customers / Suppliers					
Mainly automotive parts Pressed/welded/bent parts						Miwaseisakusho Co., Ltd., Tech Toei Co., Ltd., and other automobile-related companies					
Overseas office			The US (Ohio) China (Guangzhou City of Guangdong Province)			Overseas transaction			Yes		
Selling points											
We mainly bend round bars and pipe materials and also weld pressed parts and handle subassemblies.											
Technology / Product details											
<p>We have a wide variety of CNC wire forming machines, enabling us to process a wide array of outside diameters, materials, and bending shapes.</p> <p>We also can handle a wide variety of bending processes of straight pipe materials using various three-dimensional NC bending machines.</p> <p>In addition, we have more than a dozen presses, such as single and progressive presses. We can manufacture dies in-house and also can handle assembly products in combination with welding lines.</p>											
											
Main equipment											
Progressive press: 600 tons x 1, 300 tons x 2, 200 tons x 1, etc. 13 welding robots, 10 spot welding machines, etc. 10 CNC wire forming machines, 14 NC pipe bending machines, etc.
